DAILY CONFIDENCE

WHY, WHAT, WHEN, WHERE, WHY, AND HOW TO LOOK, FEEL, AND SMELL YOUR BEST FREE **Gillette**

CONFIDENCE is the baseline from which all success springs. It has to be there before you step into the gym, sit down at your desk, or get dressed in the morning. In the interest of self-assurance, there are a few things we think you should know. First and foremost, you need to wage a preemptive strike against body odor and sweat marks on your shirt with Gillette Odor Shield Body Wash and Antiperspirant.

BUSINESS

WORK FORCE

If you have confidence in yourself, so will others. The boss is looking to hire and promote people who can perform under pressure. The keys are anticipation and preparation. Show up to brainstorm with a few well-formed ideas already in mind. Release your presentations until they're part of your DNA, so that when the client starts firing tough questions, you own the moment well enough to own the room.

Confidence Boost | #1

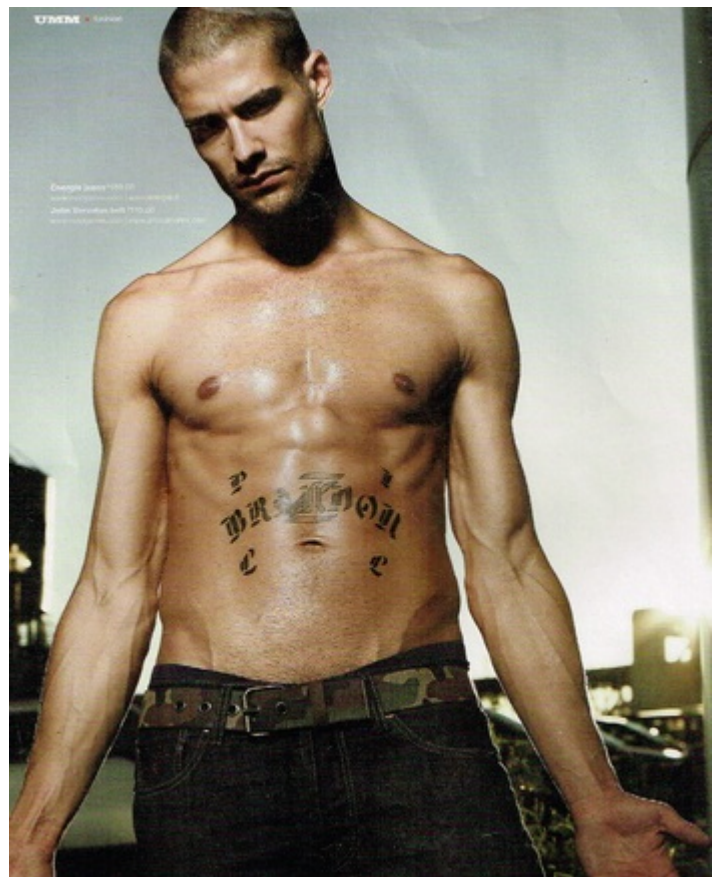

LOOK THE PART

Dressing for the job you want applies to grooming too.

- Be clean-cut
- Keep your hair neat
- Avoid underarms wetness at all costs

It all starts with a good shower, and a good shower starts with Gillette Odor Shield Body Wash. It will work with your Gillette Odor Shield Antiperspirant to give you 10X more protection than antiperspirant alone.*

* Full body coverage in just one wash and persistent alone.
